Detail

Detail

A 3D architectural rendering of a trade show booth. The booth is constructed from light-colored wooden beams and pallets. A large, white, rectangular banner is attached to a stack of wooden pallets in the foreground, displaying the text "Company Name". The booth is furnished with several wooden tables and chairs, some of which are occupied by white mannequins. A string of small, round, white lights hangs from the ceiling. The floor is a mix of grey and green. A red dashed arrow points from the banner area to a text box in the bottom right corner.

**Company Name**

<Additional Option>
